**INSCAPE PUBLISHING LAUNCHES EVERYTHING DiSC® SUPPLEMENT FOR FACILITATORS AND EVERYTHING DiSC® TEAM VIEW**

*New Follow-Up Tools for Everything DiSC Profiles to Make Training Stick*

MINNEAPOLIS, DECEMBER 12, 2011— Inscape Publishing, a leading provider of assessment-driven classroom learning solutions, recently launched two new follow-up tools that can be used to complement the offerings in its best-selling Everything DiSC® line of programs.

*Everything DiSC Supplement for Facilitators* and *Everything DiSC Team View* are the latest additions to a growing suite of Everything DiSC follow-up tools that includes the popular *Everything DiSC Comparison Report* and the *Everything DiSC 363® for Leaders Coaching Supplement*.

Designed to help facilitate a richer discussion about a respondent's DiSC® style by providing more detailed assessment data, the *Everything DiSC Supplement for Facilitators* is a valuable tool for any facilitator who has struggled while coaching a person through an Everything DiSC profile. The *Everything DiSC Team View* report is an at-a-glance view of a group of respondents and their individual DiSC styles.

"Whether facilitators are fielding complex questions from respondents or are in need of a clear view of a group from 10,000 feet," said Jeff Sugerman, CEO of Inscape Publishing, "These new resources add depth to the data and provide tremendous added value."

Everything DiSC follow up tools offer a credible, reliable "something extra" at no additional cost that benefits organizations and trainers alike; additional reports enhance trainers' follow-up opportunities and help keep training alive in an organization.

*Everything DiSC Supplement for Facilitators* and *Everything DiSC Team View* are the latest offerings in Inscape Publishing's best-selling Everything DiSC line of programs. These solution-based applications feature research-validated online assessments, personalized reports, and easily customizable facilitation with contemporary video.
